

Complications of TKA: Stiffness Open Arthrolysis

Pr E. Servien MD PhD, J. Erard, C. Batailler, S. Lustig
Orthopaedic surgery and sport medicine department
Lyon University Hospital, France

Introduction

- What is Stiffness ?

KNEE

International consensus on the definition and classification of fibrosis of the knee joint

N. S. Kalson, L. A. Borthwick, D. A. Mann, D. J. Deehan

VOL. 98-B, No. 11, NOVEMBER 2016

Review [Knee. 2012 Dec;19\(6\):751-9. doi: 10.1016/j.knee.2012.02.010. Epub 2012 Apr 24.](https://doi.org/10.1016/j.knee.2012.02.010)

Management of stiffness following total knee arthroplasty: a systematic review

H Ghani ¹, N Maffulli, V Khanduja

- Limited flexion ?
- Flexion contracture ?
- Mixed stiffness ?

Acquired Idiopathic Stiffness After Total Knee Arthroplasty

A Systematic Review and Meta-Analysis

Meagan E. Tibbo, MD, Afton K. Limberg, BS, Christopher G. Salib, MD, Ahmed T. Ahmed, MB, BCh, Andre J. van Wijnen, PhD, Daniel J. Berry, MD, and Matthew P. Abdel, MD

Introduction

- **What is Stiffness ?**

- Acquired idiopathic stiffness
- ROM <90° persisting for >12 weeks after pTKA
- Absence of complicating factors including preexisting stiffness
- Mean prevalence = 4%
- Females and obese patients were at increased risk

Management of stiffness following total knee arthroplasty: a systematic review

H Ghani¹, N Maffulli, V Khanduja

Options

4 options

MUA

Arthroscopic
arthrolysis

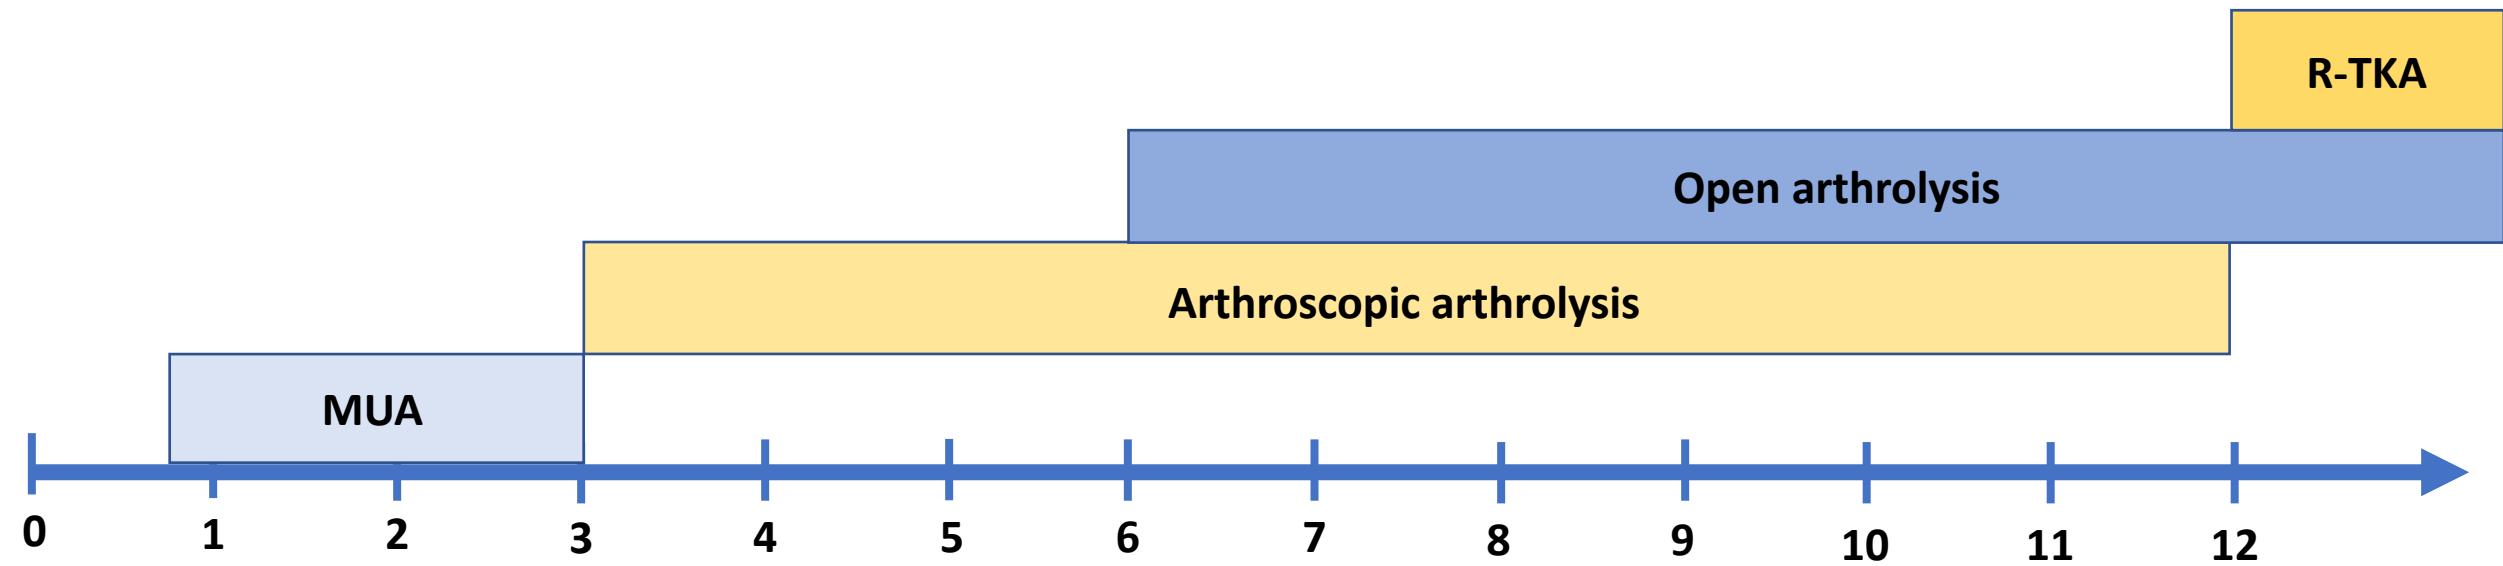

Open arthrolysis

TKA Revision

Options

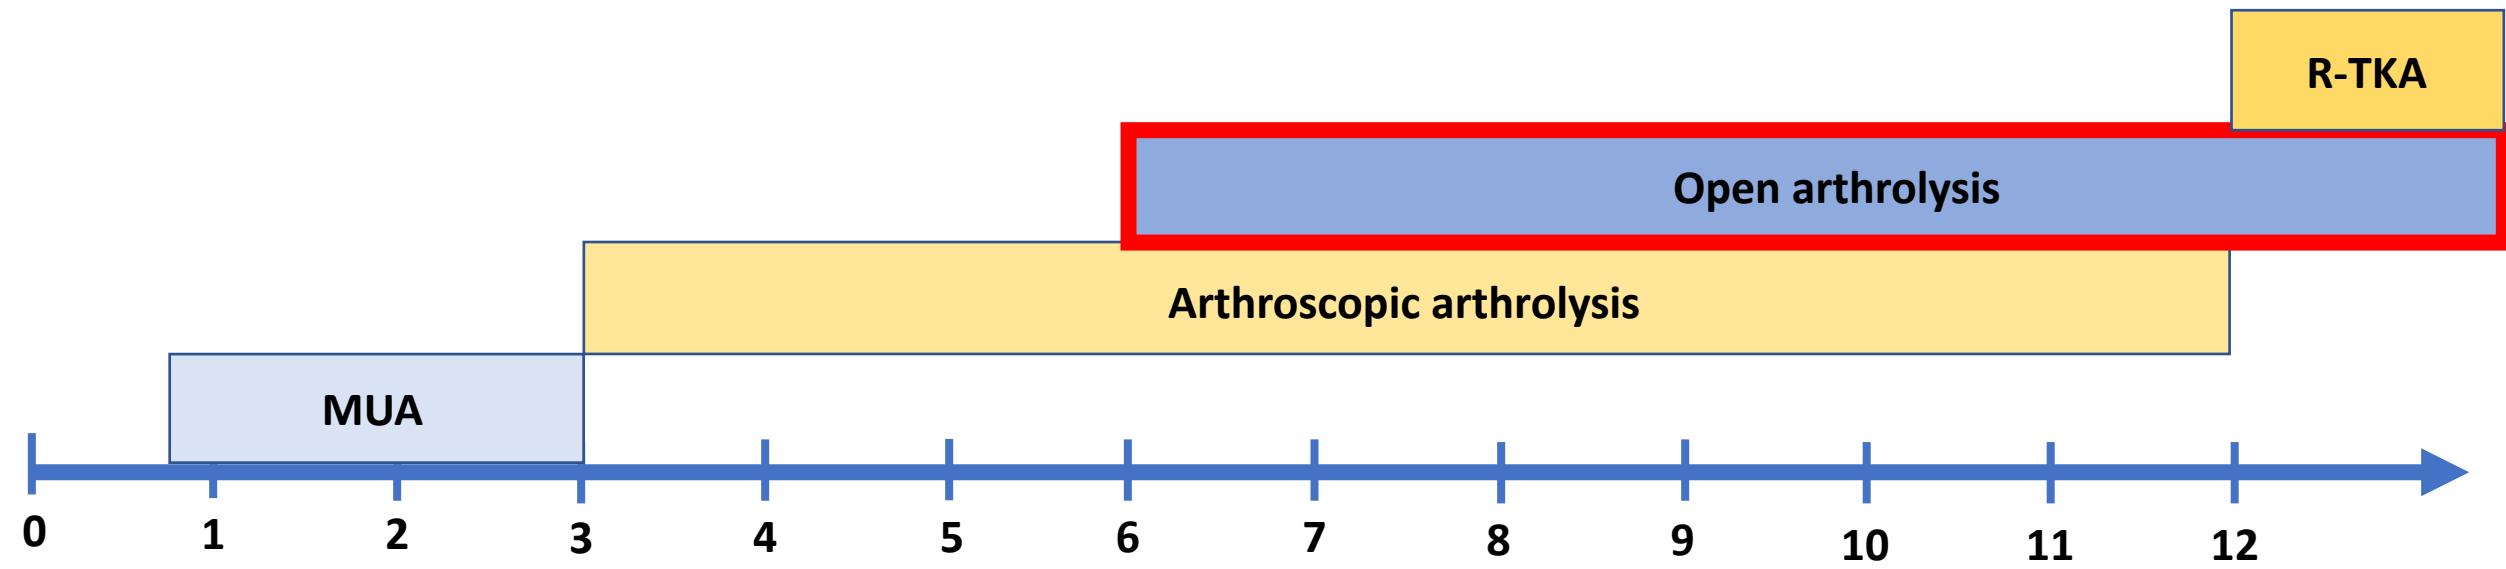

4 options

Options

4 options

Open Arthrolysis

- When ?
- Failure of intensive physiotherapy and/or MUA and/or Arthroscopic arthrolysis
- Delay > 6 months or > 1 year
- Significant flexion contracture

Comparative Study > Rev Chir Orthop Reparatrice Appar Mot. 2003 Feb;89(1):27-34.

[Management of stiffness after total knee arthroplasty: indication for different mobility management in 62 cases]

[Article in French]
F Tirveilliot ¹, H Migaud, F Gougeon, P Laffargue, C Maynou, C Fontaine

Review > Clin Orthop Relat Res. 2010 Apr;468(4):1096-106. doi: 10.1007/s11999-010-1230-y.

Epub 2010 Jan 20.

How to treat the stiff total knee arthroplasty?: a systematic review

Sean E Fitzsimmons ¹, Edward A Vazquez, Michael J Bronson

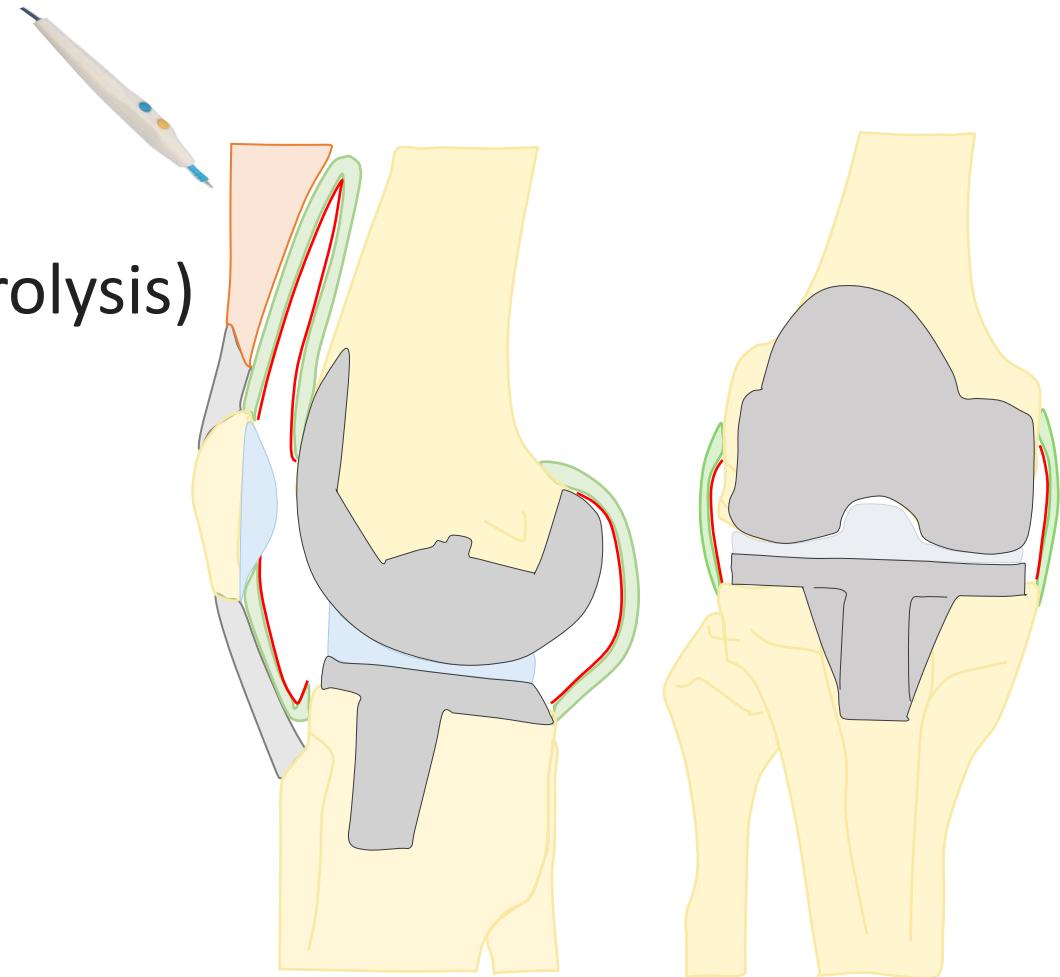

> Clin Orthop Relat Res. 2005 Nov;440:135-40. doi: 10.1097/01.blo.0000185312.43955.c8.

Revision total knee arthroplasty for restricted motion

James A Keeney ¹, John C Clohisy, Madelyn Curry, William J Maloney

Open Arthrolysis

- Same approach
- Articular and/or extra articular (Judet arthrolysis)
- Extensive synovectomy
- Supra patellar release
- Medial and lateral gutters release
- Posterior release
- Para patellar lateral release

Open Arthrolysis

Flexion contracture

- « Cleaning » the notch
- PE removal
- Posteromedial & posterolateral release

Flexion deficit

- Extensive release
- Judet ?

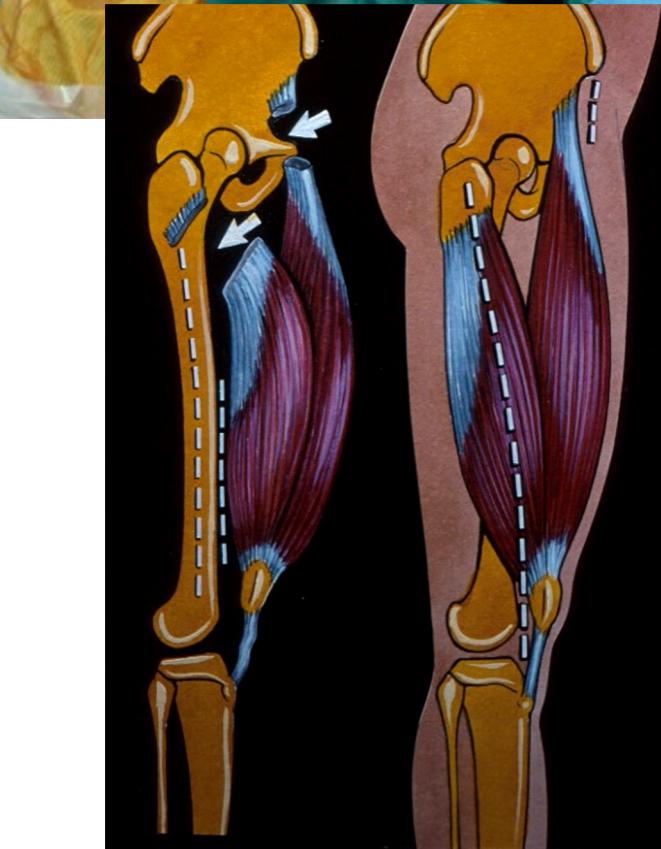

Flexion and extension deficit?

- Change in PE size

Open Arthrolysis

Flexion contracture

- « Cleaning » the notch
- PE removal
- Posteromedial & posterolateral release

Flexion deficit

- Extensive release
- Judet ?

Open Arthrolysis

French multicenter study results (SOFCOT 2024)

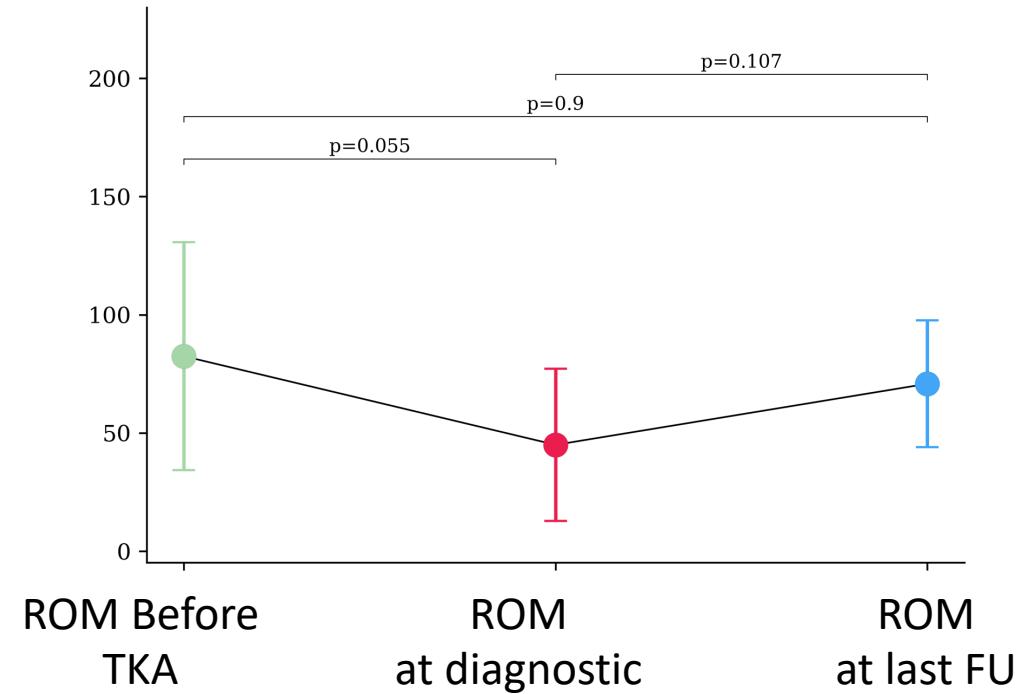

ROM

Extension 0° (0-15°)

Last FU

Flexion 80° (40-120°)

ΔFlexion 23° (0-40°)

Open Arthrolysis

French multicenter results (SOFCOT 2024)

- Quality of life 16

✓ FJS-12 57

✓ Satisfaction 91% Disappointed

Open Arthrolysis

Systematic review Ghani et al. (25 studies)

- Delay : 14 to 31 months
- 38° ROM improvement
- Clinical score
 - KSS function 46 to 33
 - KSS pain 40 to 44
 - Knee society score 72 to 77

Open Arthrolysis

Interest in polyethylene change

- Babis et al.
 - 7 knees
 - No improvement in ROM
- Keeney et al.
 - 23 knees
 - 12 PE replacement and 11 TKA revision
 - Better ROM isolated PE replacement group (25° vs. 18°)

Poor Outcomes of Isolated Tibial Insert Exchange and Arthrolysis for the Management of Stiffness Following Total Knee Arthroplasty

Babis, George C. MD; Trousdale, Robert T. MD; Pagnano, Mark W. MD; Morrey, Bernard F. MD

The Journal of Bone & Joint Surgery 83(10):p 1534-1536, October 2001.

CLINICAL ORTHOPAEDICS AND RELATED RESEARCH

© 2005 Lippincott Williams & Wilkins

Revision Total Knee Arthroplasty for Restricted Motion

James A. Keeney, MD*; John C. Clohisy, MD†; Madelyn Curry, RN†; and William J. Maloney, MD‡

Open Arthrolysis

When ? Why?

allows greater posterior release & replacement of the insert by a thinner model

Orthopaedics & Traumatology: Surgery &
Research

Review article

Revision for stiff knee after knee
replacement

Sophie Putman ^{a b} , Paul-Antoine André ^b, Gilles Pasquier ^b, Julien Dartus ^b

Congrès de la Société Française de
Chirurgie Orthopédique et Traumatologique

Take Home Message

- Rarely performed
- Failure of MUA / arthroscopic arthrolysis
- Not related to TKA
- Might be a good option for flexion contracture
- Allows modification of PE size
- Variable and uncertain results

Thank you
